In order to maximize the amount of instructional time on April 3, 4, and 5 we have decided to make the lunch period a common unit lunch where all students will eat at the same time. The cafeteria does not have the capacity to seat all students, so we will be opening the lower gym bleachers for students to eat lunch. There will be regular food service in the cafeteria in addition to a small service with limited items in the lower gym. The lunch is much longer than a traditional 40-minute lunch to ensure that all students have ample time to purchase food and find a place to eat. Students are encouraged to bring their lunch if they are concerned about long lines to purchase food at the beginning of the lunch period.
